YEAR TWO

DOCTOR WHO

THE ELEVENTH DOCTOR

#11

ABSLOM DAAK

A chainsword-wielding Dalek Killer turned freelance mercenary for hire. Currently a grudging part of the TARDIS team, Abslom's past proved instrumental in the quest to prove the Doctor's innocence. Now he's out for blood. Again.

ALICE OBIEFUNE

Alice Obiefune is a former Library Assistant. She has saved the Doctor from himself and others on multiple occasions, but of late, she feels useless and unwanted. She has just hurled herself back into the Time War, at great personal cost...

THE SQUIRE

An eccentric armor-clad warrior who claims to have fought alongside the Doctor. Truly does not know who she is, or how she remembers the Doctor. The Squire in the present timeline is dead... but perhaps there's still a past self who could provide the answers?

PREVIOUSLY...

The Squire is dead. Alice is lost in the Time War, having piloted the Master's wounded TARDIS back through the Time Lock. River's life hangs in the balance. And Daak is almost certainly going to kill the Doctor for letting Alice go.

Now it's time for the Time War to give up its answers.

How was the Malignant created? Who killed the Overcaste? What great crime was the Doctor responsible for? But will they be the answers that Alice – and the Doctor – want to hear?

Special thanks to Steven Moffat, Brian Minchin, Mandy Thwaites, Matt Nicholls, James Dudley, Edward Russell, Derek Ritchie, Scott Handcock, Kirsty Mullan, Kate Bush, and Ed Casey for their invaluable assistance.
