THE DOCTOR

The last of the Time Lords of Gallifrey, the Tenth Doctor still hides his post-Time War guilt beneath a happy-go-lucky guise.

Never cruel or cowardly, he champions the oppressed across time and space.

GABBY GONZALEZ

Gabriella Gonzalez is a young would-be artist from Sunset Park, Brooklyn, New York, who is traveling the universe at the Tenth Doctor's side. Her youthful spirit and artistic eye are coupled to an adventurous and quick-witted mind!

CINDY WU

Gabby's fiercely loyal best friend, Cindy's biggest regret was declining the offer to travel in the TARDIS with the Doctor and Gabby. Now, she has a second chance. And she wants to enjoy every minute!

PREVIOUSLY...

The Doctor, Gabby, and Cindy have just escaped a barbaric arena of death, orchestrated by the gestalt entity, Mr. Ebonite.

Everyone in the arena suffered from memory loss, but Gabby was the worst-hit, attacking her friends while demonstrating new and strange powers, seemingly long-buried since her run-in with the block transfer artist Zhe on Ouloumos. With help from the Doctor, and a musical portrait of Gabby gifted to her earlier in their adventures, Gabby was returned to herself.

Now the three are on the hunt for some downtime, on Cindy's first TARDIS trip!

Special thanks to Steven Moffat, Brian Minchin, Mandy Thwaites, Matt Nicholls, James Dudley, Edward Russell, Derek Ritchie, Scott Handcock, Kirsty Mullan, Kate Bush, and Ed Casey, for their invaluable assistance.
