THE NINTH DOCTOR

## THE DOCTOR

Last of the Time Lords of Gallifrey, sole survivor of the Time War. Beginning to have his rough edges sanded off by Rose, and to trust the scoundrel Jack. Recently put the contents of his brain up for auction to prove a point. That definitely won't come back to bite him.

## ROSE TYLER

Became the Doctor's companion when she helped save London from the Autons. Since then, she's been the spark of humanity that has helped him heal from his actions in the Time War. And she gets a first-class ticket to time and space out of the deal, which isn't too shabby!

## JACK HARKNESS

A roguish ex-Time Agent from the 51st century, and an interstellar con man. Brash, brave and willing to hit on anything with a pulse, Jack has now joined the TARDIS crew. Happy to keep running from con to con, will Jack be forced at last to face his future... and his missing, carefully-edited past?

## PREVIOUSLY...

The Doctor, Rose, and Jack are touring the galaxy, slowly but surely turning into a tight-knit TARDIS crew!

It's some time since we saw these three last, bringing peace to the galactic temporal war between the Union and the Lect.

What new challenges await them?!

Special thanks to Steven Moffat, Brian Minchin, Mandy Thwaite, Matt Nicholls, James Dudley, Edward Russell, Derek Ritchie, Scott Handcock, Kirsty Mullan, Kate Bush, and Ed Casey for their invaluable assistance.
