THE NINTH DOCTOR

#5

THE DOCTOR

Last of the Time Lords of Gallifrey, sole survivor of the Time War. Beginning to have his rough edges sanded off by Rose, and to trust the scoundrel Jack. Recently put the contents of his brain up for auction to prove a point. That definitely won't come back to bite him.

ROSE TYLER

Became the Doctor's companion when she helped save London from the Autons. Since then, she's been the spark of humanity that has helped him heal from his actions in the Time War. Now she has... superpowers?

JACK HARKNESS

A roguish ex-Time Agent from the 51st century, and an interstellar con man. Brash, brave and willing to hit on anything with a pulse, Jack has now joined the TARDIS crew. Happy to keep running from con to con, will Jack be forced at last to face his future... and his missing, carefully-edited past?

PREVIOUSLY...

The Doctor received a mysterious call for help... from none other than Mickey Smith! But Mickey was furious – this wasn't the Doctor he wanted, and what's more, his wife, Martha, has literally turned into a gargoyle! With many of San Francisco's population, including Rose, gaining the superpowers that precede this terrible transformation, the two men must put aside their differences to save the ones they love – and avoid Mickey and Rose crossing paths!

Special thanks to Steven Moffat, Brian Minchin, Mandy Thwaites, Matt Nicholls, James Dudley, Edward Russell, Derek Ritchie, Scott Handcock, Kirsty Mullan, Kate Bush, and Ed Casey for their invaluable assistance.
