## THE ELEVENTH DOCTOR

#6

### ABSLOM DAAK

A chainsword-wielding Dalek Killer turned freelance mercenary for hire. He's been hired to bring the Doctor in, dead or alive. Can the Doctor appeal to the better sides of Daak's nature... or have they all been burned off in the Time War?

### ALICE OBIEFUNE

Alice Obiefune is a former Library Assistant, who first met the Doctor shortly after her mother died. She has been on a voyage of recovery and self-discovery ever since, and has saved the Doctor from himself and others on multiple occasions!

### THE SQUIRE

An eccentric armor-clad warrior, the Squire claims to have fought alongside the Doctor. She truly does not know who she is, how she remembers the Doctor, or how she got out of the Time Lock surrounding the Time War. The Doctor believes her.

### PREVIOUSLY...

The Overcast blame the Doctor for the death of their people, and hired The Then and The Now, a temporal bounty hunter, to punish him. Unable to shake this impossible tail, the Doctor, Alice and their unlikely passengers ventured to worlds devastated by the Time War to try and prove his innocence. But when a lone white pillar keeps cropping up, this time as the emblem of a renegade faction of Sontarans at war with their own kind, The Doctor believes he knows who framed him... someone *Masterful!* As such, he's going to need the help of a dear old friend: Professor River Song! He just has to break her out of prison first...

Special thanks to Steven Moffat, Brian Minchin, Mandy Thwaites, Matt Nicholls, James Dudley, Edward Russell, Derek Ritchie, Scott Handcock, Kirsty Mullan, Kate Bush, and Ed Casey for their invaluable assistance.
