ABOUT THE ILLUSTRATOR

BRANSON REESE lives and draws in Brooklyn, NY. He started making *Hell Was Full* shortly after the 2016 election as a way to process all the weirdness and despair hanging over everything through a comic lens. The self-described "illegally handsome" cartoonist's work quickly found a large and passionate audience online after one of his comics, "One Fear," was turned into a viral meme ("One Fear/No Fear") and another of his comics, "The Person Who Discovered Sharks," sparked a massive Twitter event that still attracts fans to this day. He has written for *We Bare Bears* on Cartoon Network. His work

has been featured in BuzzFeed, Paste, and Splitsider. Recent successes include being told to "delete this" by hundreds of teens after posting a drawing of Kelsey Grammer as Frieza from Dragonball Z.
